Working to Eliminate Barriers

▶ Language

- Make sure that staffing patterns reflect the demographics of the population being served.
- Agencies should include specific description of the bilingual services offered by the organization.
- Establish criteria for measuring an agency's level of bilingual services.
- Earmark certain funds for second-language materials, interpreters, bilingual staff, etc.

▶ Cultural Competency

- To be culturally competent does not mean you are an authority in the values and belief of every culture.
- It means that you hold a deep respect for cultural differences and are eager to learn, and are willing to accept that there are many ways of viewing the world.
